* Times were taken directly from chip timing. Two timing boxes were used to calculate times.

* A couple athletes were started in the wrong order for race two. This does not effect the finish times because the chip passing was used.

* We will contact you for the distribution of prize money once results are changed to final

* Contact Mark Livesay directly with any questions about the results. mark@ultramaxtri.com

* Splits for Formula Race Two are included the age group results. We will be working on the splits for race one
